

# GRANDWORK

## CELEBRATING A LEGACY OF EXCELLENCE

*For the 5th consecutive year, Grandwork Interior has attained the prestigious Enterprise 50 Award*

“ It is indeed an honour to receive the Enterprise 50 Award for the fifth year running. Words alone cannot express our gratitude for the award once again, and we attribute the recognition to all who work with and for Grandwork Interior Pte Ltd.

Grandwork, from where it began in 1996 to what it is today in 2011, is a testament of our hard work and dedication to the industry. To maintain our quality and service standards, we constantly explore creative and innovative ways in the areas of business development. We are currently working on more cost efficient ways to introduce the use of formaldehyde free products for the benefit of our clients, particularly clients from the healthcare industry. Grandwork is working towards being the pioneer and trendsetter in the use of formaldehyde free wood products.

As part of our long term business plans, we have expanded not just in scale on the local scene, we have also set foot in Malaysia, Indonesia, Japan and Thailand, and recently set up office in Taiwan. Our business plans might see our efforts moving into India and China in the near future.

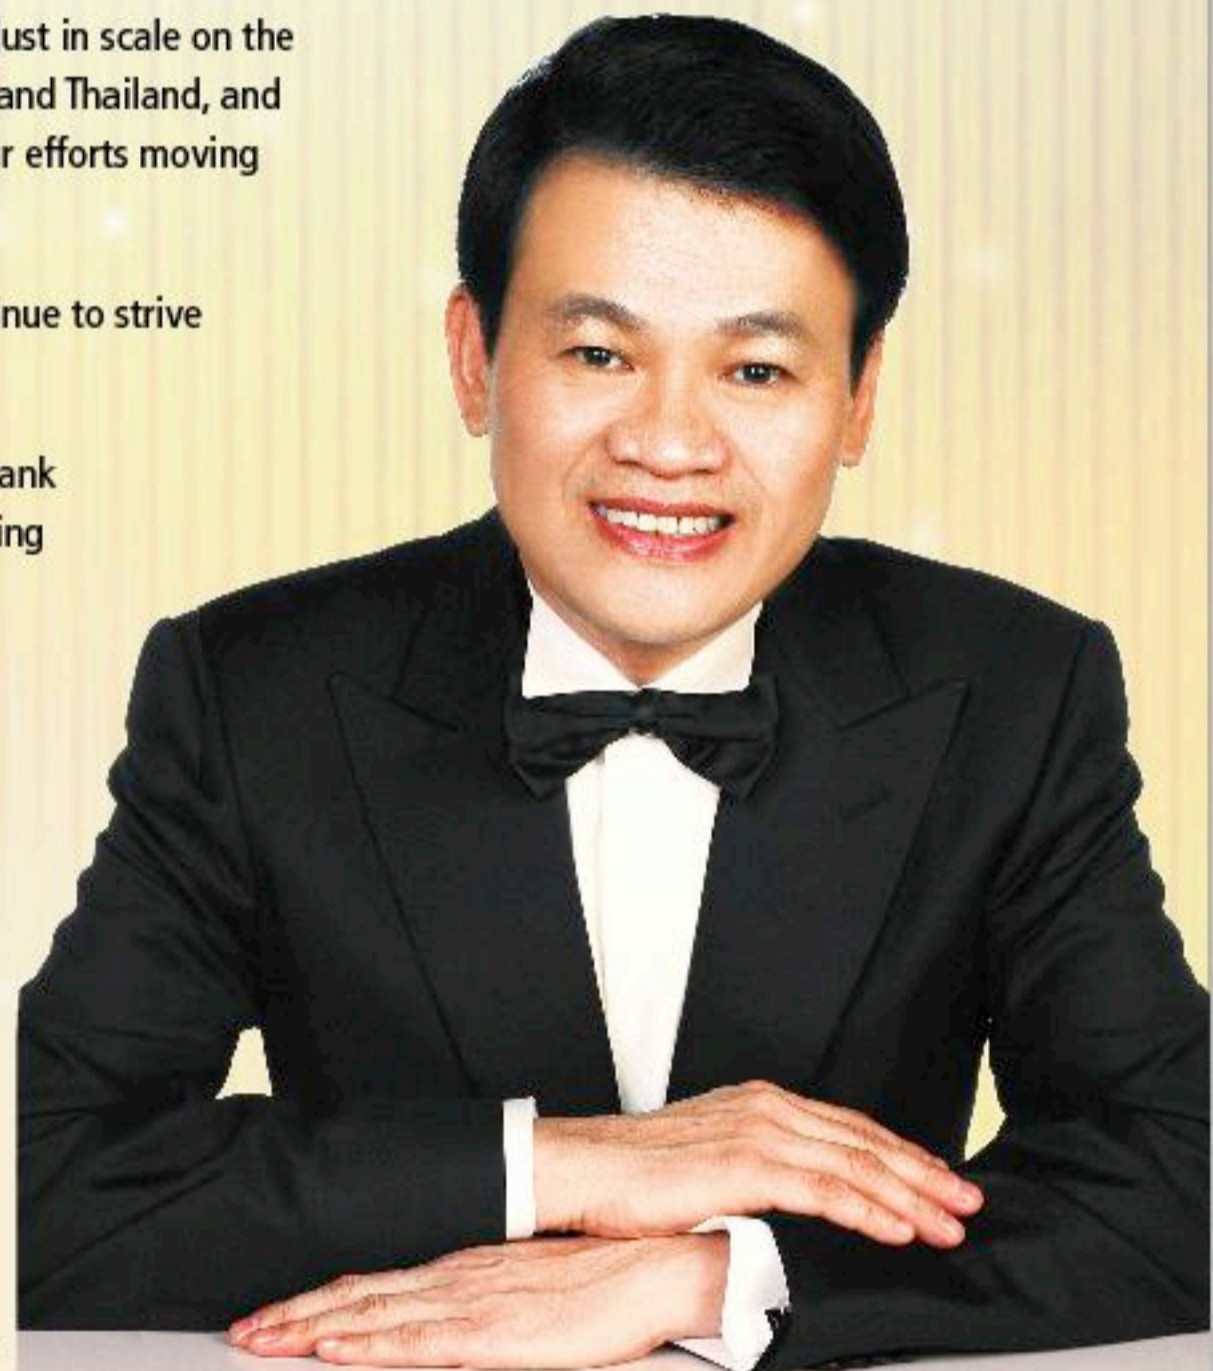

As a promise and commitment to our stakeholders, we will continue to strive towards excellence in all we do.

Once again, Grandwork would like to take this opportunity to thank all our clients, staff and companies who have rendered unwavering support to us all these years.

Thank you! ”
